

ACTION PLAN FOR SUSTAINABLE DEVELOPMENT GOALS: 2024-2027

SDG 1	Creating database about students receiving financial aid.	Finance department	Advisor to the rector (Financial Affairs)	2024
	Concentrating and increasing the number of researches conducted in this field.	Faculty of Natural Science and Agriculture, Faculty of Economics and management, Department of Technological Transfer and Innovations	Vice-rector for Science and innovation	2024-2027
SDG 2	Concentrating and increasing the number of scientific researches related to food safety.	Faculty of Natural Sciences and Agriculture, Faculty of Economics and management, Department of Technological Transfer and Innovations	Vice-rector for Science and innovation	2024-2027
	Consolidating and increasing the number of scientific researches related to sustainable development in agriculture	Faculty of Natural Sciences and Agriculture, Department of Technological Transfer and Innovations	Vice-rector for Science and innovation	2024-2027
	Projects covering topics such as eco-friendly agriculture, water conservation and energy efficiency for sustainability	Faculty of Natural Sciences and Agriculture, Faculty of Economics and management	Vice-rector for Science and innovation	2024-2027
	Creating food technology and organizing innovation competitions to promote innovative solutions in food safety	Faculty of Natural Sciences and Agriculture, Faculty of Economics and management,	Vice-rector for Science and innovation	2024-2027
	Services provided at the university hospital, free check-up and treatment of students	University Hospital	Dean of the Faculty of Medicine	2024-2027
SDG 3	Activities for healthy living at University campus and University hospital	University Hospital	Dean of the Faculty of Medicine	2024-2027
	Concentrating and increasing the number of scientific research works conducted for "Healthy living"	Faculty of Medicine, Department of Technology Transfer and Innovation	Vice-rector for Science and innovation	2024-2027
	Organizing seminars at the university to educate students on healthy lifestyle habits, stress management and general wellness.	Faculty of Medicine, Department of Technology Transfer and Innovation	Vice-rector for Science and innovation	2024-2027
	Establishing a mental health support program, a psychological support center on campus to deal with stress and emotional health.	Faculty of Medicine	Dean of the Faculty of Medicine	2024

	*"Healthy and active life" week.	Faculty of Medicine	Dean of the Faculty of Medicine	2024-2027
	**First aid seminars.	Faculty of Medicine	Dean of the Faculty of Medicine	2024-2027
	Ensuring the participation of medical students in health research projects.	Faculty of Medicine, Department of Technology Transfer and Innovation	Vice-Rector for Science and innovation	2024-2027
SDG 4	Lifelong learning opportunities.	Department of Education	Vice-rector for education	2024-2027
	Increasing the quantity and quality indicators of cooperation with foreign universities for studying abroad through exchange.	Department of International Relations	Vice-rector for International Relations	2024-2027
SDG 5	Conducting research on gender equality.	Faculty of international relations and law	Vice-rector for Science and innovation	2024-2027
SDG 6	Development of a mechanism for monitoring sanitary regulations in the university .	All faculties, Department of technical service	Vice-rector for social affairs and public relations	2024
	Water supply, cleaning and analysis.	Department of technical service	Head of the department of technical service	2024
	Conducting campaigns promoting water conservation in the university campus and hostel. Placing information posters in the area.	NSU Student Youth Organization	Chairman of the Student Youth Organization	2024-2027
SDG 7	Preparation of a report and doing activities on the use of wind and solar energy in the university area.	Faculty of Architecture and Engineering	Dean of the Faculty of Architecture and Engineering	2024-2027
	Organizing competitions to promote energy innovation and sustainable energy projects.	Faculty of Architecture and Engineering, Department of Technology Transfer and Innovation	Vice-rector for Science and innovation. Vice-rector for social affairs and public relations	2024-2027
	Ensure environmental impact reduction by implementing green design and energy efficiency standards in new building projects or existing buildings.	Faculty of Architecture and Engineering, Department of Technology Transfer and Innovation	Vice-rector for Science and innovation. Vice-rector for social affairs and public relations	2024-2026
SDG 8	Summarizing and increasing the number of scientific research works related to sustainable economic development.	Faculty of Economics and Management, Department of Technological Transfer and Innovations	Vice-rector for Science and innovation	2024-2027
	Organizing career days.	Department of Education	Head of education department	2024-2027
SDG 9	Strengthening university-industry cooperation.	Department of Finance	Advisor to the rector (Financial Affairs)	2024-2027

	Increasing opportunities for mutual cooperation by organizing forums and conferences that bring together industry representatives and students.	NSU Student Youth Organization	Advisor to the rector (Financial Affairs)	2024-2027
SDG 10	Increasing the number of scientific-research works on income inequality.	Faculty of Economics and Management, Department of Technological Transfer and Innovations	Vice-rector for Science and innovation	2024-2027
	Creating an inclusive education center and provision of educational services.	Department of Education	Vice-rector for education	2024-2027
SDG 11	Conducting research on urban planning in the Faculty of Architecture.	Faculty of Architecture and Engineering, Department of Technology Transfer and Innovation	Department of Technology Transfer and Innovation	2024-2027
	Volunteer team for "Clean city".	NSU Student Youth Organization	Chairman of the NSU Student Youth Organization	2024-2027
	Making campus improvements more accessible to people with disabilities.	Department of technical service	Advisor to the rector (strategic development)	2024-2026
	*Establishment of "Green Campus".			
SDG 12	Conducting research on the use of natural resources.	Faculty of Natural Sciences and Agriculture, Department of Technology Transfer and Innovations.	Vice-rector for Science and innovation	2024-2027
	Developing waste reduction and recycling projects within the campus.	All faculties, Department of Technical Service, Student Youth Organization	Head of the department of technical service	2024-2027
SDG 13	Concentrating and increasing the number of scientific research works on climate change.	Faculty of Natural Sciences and Agriculture, Department of Technology Transfer and Innovations.	Vice-rector for Science and innovation	2024-2027
SDG 14	Conducting scientific-research works in order to prevent pollution of water bodies and protect aquatic life.	Faculty of Natural Sciences and Agriculture, Department of Technology Transfer and Innovations.	Vice-rector for Science and innovation	2024-2027
SDG 15	Tree inventory and maintenance mechanisms in the university area.	Technical service department	Head of the department of technical service	2024-2027
	Organization of greening works done outside the campus of the university.	Technical service department	Head of the department of technical service	2024-2027
SDG 16	Management of force majeure in the university and legal acts on it.	Law unit	Head of law unit	2024-2027

	* Organizing legal awareness events for students and the public through the Faculty of Law and the relevant department.	Faculty of International relations and Law	Head of law unit	2024-2027
	Organization of human rights education and awareness seminars for students and faculty as well as administrative staff.	Faculty of International relations and Law	Head of law unit	2024-2027
SDG 17	Bringing together experts and participants from different countries by organizing international conferences and seminars, creating opportunities for discussions and cooperation on sustainable development goals.	Department of Organization and analysis of scientific activity	Vice-rector for Science and innovation	2024-2027
	Creating internship and work opportunities for students within the framework of university-industry cooperation.	Unit of Internship and work with graduates	Head of the Department of Education	2024-2027
